Forecast for Monday 29 Apr 2024

Weather: A dry and bright start, but cloud thickening and lowering from the south during the day with outbreaks of rain, wintry at first over the summits arriving in the afternoon. Occasional heavy rain in the afternoon, but turning showery with some drier and brighter spells in the evening.

Chance of cloud-free hill tops above 800m: 80% falling to 30% around the middle of the day, rising to 60% later

Low cloud and visibility: Patchy becoming extensive cloud, base 600 to 900m by early afternoon, breaking up again later. Visibility moderate to very poor at times at height during daylight hours, but good or very good lower down early and later in the day.
